

Glenwood Middle School

8th Grade Supplies

Each student organizes himself / herself differently. What may work for one student, may not work for another. Here are some of the organizational ideas that we have seen help students:

- Some students use two binders, an a.m. one and a p.m. one to organize their classes.
- A pencil pouch to keep all writing utensils helps students get to class prepared.
- Students may use trappers. However, sometimes these just “trap” and don’t really help the student (for some a trapper is great!).
- Expanding-type folders help students keep each class separated.
- Use of the school-provided student agenda is critical but only if they fill it out and bring it home.
- Color coding classes with notebooks and folders helps as well.

8th Grade Supplies – All items should be replenished as needed

2 – Three Ring Binders (1 ½ - 2 inch) + optional one for History

2 – Spiral Notebooks

Pencils

Black or Blue Pens

Red Pens

Highlighters – assorted colors

 will be sent home closer to the time these
 will be made.

General Music – Mrs. Petty

Pencil
 1 – Spiral Notebook
 1 – 2 Pocket Folder

Art – Mrs. Kinzle

Pencil
 Eraser
 Folder

Elective Art Class – Mrs. Kinzle

9x12 sketch book medium weight paper
 (can be found at Walmart)

Optional Items but recommended for some
 classes:

Flash Drive

TI-83 Plus or TI-84(**algebra students only**
 – **optional**) (Texas Instrument Graphing
 Calculator); students will become fluent
 with many functions of this calculator. We
 have TI-83's available, but there is no
 guarantee that there will be enough
 calculators for each student to use while in
 the classroom. The basic difference in the
 two listed is the amount of memory: The
 TI-84 can hold more programs. These
 calculators have been available on e-bay for
 as little as \$15.00 (slightly used). If you
 provide a calculator, please consider
 purchasing a case for it as well. This adds
 protection if it is dropped. The case also
 makes it more visible and less likely to lose!
 The school cannot be responsible for any
 lost items.

The following items are needed in Mrs.
 Confer Math 8, Pre-Algebra and Algebra
 classes if you would like to donate:

- Pencils
- Red pens
- Expo markers
- AA Batteries
- AAA Batteries
